To whom it may concern,

On October 3, 2022, the Microsoft Partner Network was renamed to the Microsoft Cloud Partner Program. In the Microsoft Partner Network, a partner's technical capabilities in Microsoft products or technologies were demonstrated by attaining silver and gold competencies.

For the purposes of in-progress Request For Proposal (RFP), this letter confirms that the partner named below did hold the legacy Microsoft Partner Networks competencies listed below and is still able to receive the benefits associated with them.

Fedscale Inc. (Partner ID: 5008731)
5559 Main Street
Mount Jackson, VA - 22842-9411
United States

Legacy competencies : Demonstrate technical capabilities in Microsoft products or technologies.

- Gold Application Integration
- Gold DevOps
- Gold Application Development
- Gold Cloud Platform
- Silver Security
- Silver Data Analytics

In the new Microsoft Cloud Partner program, competencies are no longer offered. Instead, partners can attain Solutions Partner designations to showcase their organization's technical capabilities, experience, and ability to deliver successful customer outcomes aligned to the Microsoft Cloud.
