FEDSCALE
Innovative Enterprise Solutions

Capabilities Statement

FedScale is an 8(a) and HUBZone SBA certified Economically Disadvantaged Women Owned (EDWOSB) small business. FedScale provides innovative integration services and solutions for a full range of IT products and functional areas.

As a full spectrum, IT solutions company, FedScale delivers unparalleled Cloud Architecture, Network Engineering, Data Center Transformation, Application Migration, Cyber Security, Operations and Maintenance (O&M), and Security Technical Implementation Guide (STIG) support services.

Cyber Security

Cyber security is not optional. Cyber security consultants are needed to help you stay ahead of the threats against your organization and environment.

Federal agencies and organizations in all sectors must protect computer networks, digital assets and information, and critical infrastructure. Our cyber security consulting services help you meet these essential priorities to safeguard national security, homeland defense, and commercial threats.

FedScale cyber solutions, aligned with our key strategic partners, are specifically focused on providing an integrated security approach.
