

CAPABILITY STATEMENT

As a full spectrum, IT solutions company, FedScale delivers unparalleled Cloud, Network Modernization, Data Management, Application Modernization, Records Management and IT Operations services.

Records Management & Digitization Services

FedScale offers Federal Records and Information Management (RIM) services including digitization initiatives to fully modernize records in accordance with Memorandum M-23-07 (previously M-19-21) Transition to Electronic Records. Our team is trained in National Archives and Records Administration (NARA) Federal Records Management Levels 1-3 and has extensive experience working directly with NARA archivists and agency records officers. We are proficient in adhering to Federal Agencies Digital Guidelines Initiative (FADGI) and (NARA) requirements. **With a team of experts well-versed in the intricacies of government records management, FedScale meticulously ensures digitization processes meet the highest standards of quality and compliance for permanent and temporary records.**
